Extension of time
for well work with
Government loans.

Summary of discussion.—More time should be allowed for completion of work with Irrigation Well loans. Unforeseen and unavoidable difficulties often arise and work is delayed, though it is prosecuted with the utmost good faith and considerable private outlay incurred in addition to the Government loan.

Dewan's reply.—No general order can be given in this matter. If reasonable work has been done after receipt of the Government loan, every consideration will be shown to the borrower. The Deputy Commissioner will, in such cases, use his discretion and grant time.

Hill.

Summary of discussion.—There is no accommodation for the public on Nundy Hill. Government should provide such by repairing some of the ruined mantaps, which can be adapted for the purpose, or if sites be granted, private individuals may be forthcoming to meet the want. One such individual collected materials and commenced work, which, however, has been stopped by local officers. Sites are desired near the reservoir (Sarovara).

Dewan's reply.—Sites can be ganted in suitable places. Apply to the Sub-Division Officer. The building begun is stated to be in an objectionable locality and was therefore stopped.
